Tokyo, July 27, 2018

Excellency,

I have the honor to refer to the Mutual Defense Assistance Agreement Between Japan and the United States of America, signed at Tokyo on March 8, 1954 (hereinafter referred to as "the MDA Agreement"), which provides, inter alia, that each Government, consistently with the principle that economic stability is essential to international peace and security, will make available to the other such equipment, materials, services, or other assistance as the Government furnishing such assistance may authorize, in accordance with such detailed arrangements as may be made between them.

The representatives of the Government of Japan and the Government of the United States of America have recently held discussions for the purpose of making such detailed arrangements as mentioned above concerning a program for the cooperative research on High-Temperature Case Technologies (hereinafter referred to as "the Program"), taking into account the exchange of information undertaken in accordance with the Memorandum of Understanding Between the Ministry of Defense of Japan and the Department of Defense of the United States of America concerning projects for cooperative research, signed on February 17, 2010 (hereinafter referred to as "the Memorandum of Understanding of 2010"), made under the Exchange of Notes of the same date between the Government of Japan and the Government of the United States of America concerning a program for the cooperative research on Image Gyro for Airborne Applications and concerning the formulation of additional programs for cooperation research under the MDA Agreement. The following is the understanding of the Government of Japan regarding the results of the above-mentioned discussions:

His Excellency
Mr. William F. Hagerty IV
Ambassador Extraordinary
and Plenipotentiary
of the United States of America

1. In accordance with the detailed implementing arrangements to be made under paragraph 4 of this understanding, the Government of Japan and the Government of the United States of America shall mutually provide information, equipment, and materials that are necessary to implement the Program, subject to the laws and regulations of each country. The two Governments shall jointly bear the costs necessary for the execution of the Program.

2. The Program shall be undertaken through contracts with industries of Japan and industries of the United States of America to the extent necessary.

3. The present understanding shall be implemented in accordance with the MDA Agreement and arrangements made thereunder, including the Agreement Between the Government of Japan and the Government of the United States of America to Facilitate Interchange of Patent Rights and Technical Information for Purposes of Defense, signed at Tokyo on March 22, 1956.

4. In order to implement the present understanding, representatives of the competent authorities of the two Governments shall make detailed implementing arrangements that shall be applied to the Program. The detailed implementing arrangements shall consist of the Memorandum of Understanding of 2010 and a project arrangement. For such arrangements, the competent authority of the Government of Japan shall be the Ministry of Defense, and the competent authority of the Government of the United States of America shall be the Department of Defense.

5. The financial obligations and expenditures incurred by the Government of Japan and the Government of the United States of America under the present understanding and all arrangements to be made hereunder shall be subject to budget authorization pursuant to the constitutional and legislative provisions of the respective countries.

I have the honor to propose that, if the above understanding is acceptable to the Government of the United States of America, the present Note and Your Excellency's reply of acceptance shall be regarded as constituting an agreement between the two Governments, which shall enter into force on the date of Your Excellency's reply and shall remain in force until six months after the date of the receipt of notice of termination by either Government.

I avail myself of this opportunity to renew to Your Excellency the assurance of my highest consideration.

Taro Kono
Minister for Foreign Affairs
